UoI Efforts towards Entrepreneurship

The University management was committed to turn UoI to be an entrepreneurial University in order to address the issue of unemployment

UoI Vision: *“to become an innovative, world class and self-sustaining University that produces ethical and entrepreneurial leaders that are capable of responding to national, regional and global challenges.”*

Team Academy: Project Figures

Issues that need to be addressed for the smooth running of BAME

- *Limited access to finance for team entrepreneurs (low quality of ideas? programme at early stage?)*
- *Limited number of professional coaches and mentors*
- *Lack of Research Funds to conduct research on Team Academy Learning Approaches*
- *Need for more Marketing Activities*
